Witnessing: No Better Time!

As we approach the millennium, at no time in our lives has there been more questioning, searching, inquiry and downright fear about the ending of this year and the coming of the next year. Besides the obvious material-world questions, there are some that deal with our spiritual world, and we can help with those. Our 4th day topic in Cursillo speaks to this, and I believe we have **NO BETTER TIME** to step out in faith and share our confidence that "comfort comes in knowing Christ."

Our message is not that knowing Christ will make the new millennium a non-event, but that faith in Christ and our belief that He has a handle on a bigger plan, allows us to focus on the known factors and leave the unknown to Him. When we speak, the inquirer senses our confidence, and this may lead him or her to ask further questions and allow us to witness more.

Take it from one who finds it hard to witness: I have had many opportunities to talk about Christian confidence while involved in conversations about Y2K and our computer systems. Simple as it sounds, it has happened, and I know you have the same opportunities. Take a chance and see where it leads. I am convinced that there is **NO BETTER TIME**.

Yours in Christ,
Lauren Kingry

SALT #5

"And we know that in all things God works for the good of those who love him, who have been called according to his purpose."
Romans 8:28

Romans 8:28

The participants from SALT V are definitely spreading the enthusiasm and spirit from their weekend on February 25-27 at El Camino Baptist Church. Of the 24 participants, 19 attended Leadership School on March 13th at American Lutheran. Most of them also stayed and attended the harvest later that evening. At least three people from the weekend — two team members and

one participant—have witnessed to their congregations through temple talks and presentations during this last four weeks. The question is already being asked: "Can I serve on team for SALT VI?"

Special appreciation to the wheat team for SALT V—their team was four members short and feedback following the weekend praised the Wheaties for their organization, enthusiasm, and true spirit of service. After listening to the spirited singing following the burning of the sins on Friday night, members of the El Camino Baptist congregation

wanted to know all about Tirosh and how we Lutherans were able to "turn the youth onto the Spirit!" And finally, special thanks and appreciation to all in the Cursillo and Tirosh communities who supported SALT V with their love, prayers, agape, time, and plain hard work. God continues to work through all of you to make a difference in the lives of all who were involved with SALT V.
